ROSHAN INDUSTRIES

Watch parts, tools and custom manufacturing

A family business. Since 1900.

311 products across 22 categories

EXPLORE THE CATEGORY INDEX

OUR STORY

A long-standing connection to the craft of time.

Serving the bench. Supporting your next idea.

Since 1900, Roshan Industries has served watchmakers, clockmakers and jewellery workshops from Mumbai. Our family business brings together watch parts, horological tools and workshop essentials, with a practical focus on helping customers find the right product for their work.

Your requirement. Our manufacturing experience.

Have a drawing, a sample or a specific requirement? Share your application, dimensions, material, finish and quantity. Our team can review the request and discuss feasibility, quotation and the next steps.

How to use this catalogue

Use the clickable family and category index to find products. Each listing includes a stable SKU and a link to its website page. Quote the SKU when enquiring. Pricing, exact specifications and availability are confirmed by our team.

A holder for supporting a watch movement during inspection and servicing.

Movement Holder for 2030 ST 96 Ladies Watches

RIT-0031

[VIEW PRODUCT >](#)

A holder for supporting a watch movement during inspection and servicing.

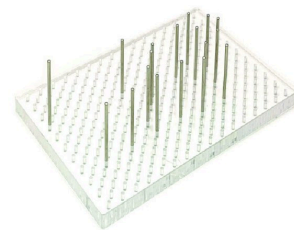

Bur Stand with 40 Holes

RIT-0042

[VIEW PRODUCT >](#)

A bench stand for organising burs and small tool accessories.

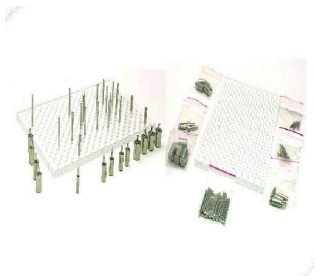

Bur Stand with 326 Holes

RIT-0043

[VIEW PRODUCT >](#)

A bench stand for organising burs and small tool accessories.

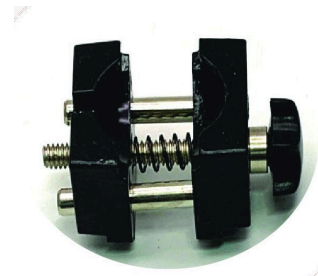

Complete Bur Stand Set with 326 Holes

RIT-0044

[VIEW PRODUCT >](#)

A bench stand for organising burs and small tool accessories.

Aluminium Case Holder

RIT-0142

[VIEW PRODUCT >](#)

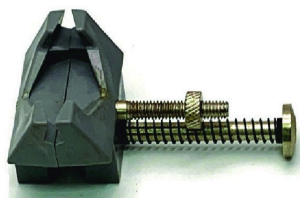

A holder for supporting a watch case during servicing operations.

WORKSHOP ESSENTIALS

Holders and Stands

30 products | Category page 3 of 5

Plastic Case Holder

RIT-0143

[VIEW PRODUCT >](#)

A holder for supporting a watch case during servicing operations.

Revolving Screwdriver Stand without Tools

RIT-0155

[VIEW PRODUCT >](#)

A screwdriver stand for organising tools at the watchmaking bench.

Seven Hole Aluminium Screwdriver Stand

RIT-0167

[VIEW PRODUCT >](#)

A screwdriver stand for organising tools at the watchmaking bench.

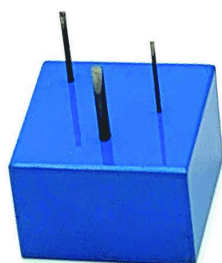

Five Hole Aluminium Screwdriver Stand

RIT-0175

[VIEW PRODUCT >](#)

A screwdriver stand for organising tools at the watchmaking bench.

Blue Aluminium Base

RIT-0174

[VIEW PRODUCT >](#)

A bench holder or stand for supporting parts and organising tools during workshop tasks.

Aluminium Movement Holder

RIT-0225

[VIEW PRODUCT >](#)

A holder for supporting a watch movement during inspection and servicing.

WORKSHOP ESSENTIALS

Holders and Stands

30 products | Category page 4 of 5

Aluminium Screwdriver Stand

RIT-0183

[VIEW PRODUCT >](#)

A screwdriver stand for organising tools at the watchmaking bench.

Tweezer Holder

RIT-0188

[VIEW PRODUCT >](#)

A holder for positioning compatible tweezers in a bench setup.

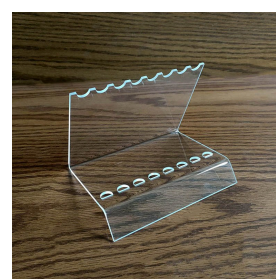

Angled Acrylic Drill Bit Stand

RIT-0229

[VIEW PRODUCT >](#)

The inclined holder presents tools in rows for easy selection during watch repair, jewellery work and small component preparation.

Clear Acrylic Pen Display Stand

RIT-0260

[VIEW PRODUCT >](#)

The transparent construction keeps the display visually light while separating individual pens on a desk or counter.

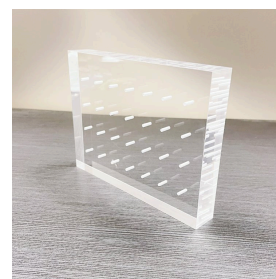

Acrylic Pipette Holder Stand

RIT-0261

[VIEW PRODUCT >](#)

The rack provides a designated place to organise pipettes upright between tasks and helps keep the bench clear.

Drilled Acrylic Tool Block

RIT-0262

[VIEW PRODUCT >](#)

The compact rectangular format can support orderly bench storage and visual sorting.

WORKSHOP ESSENTIALS

Holders and Stands

30 products | Category page 5 of 5

Dual Post Acrylic Pen Display Stand

RIT-0263

[VIEW PRODUCT >](#)

The raised rail separates writing instruments while keeping them visible for selection on a desk or display counter.

Curved Clear Plastic Pen Display Stand

RIT-0264

[VIEW PRODUCT >](#)

The open design keeps pens visible and accessible on a desk or display counter.

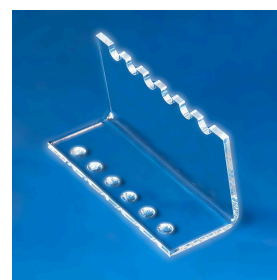

Compact Two Level Acrylic Pen Stand

RIT-0265

[VIEW PRODUCT >](#)

The open rack keeps individual pens visible and accessible on a desk or display counter.

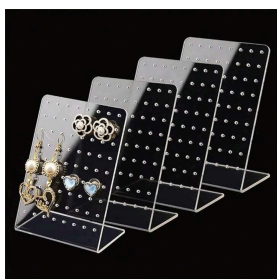

Six Position Acrylic Pen Display Stand

RIT-0266

[VIEW PRODUCT >](#)

The angled support presents writing instruments in separate positions for desk organisation or counter display.

Clear Acrylic Earring Display Stand

RIT-0267

[VIEW PRODUCT >](#)

The open hole layout helps arrange studs and suitable hanging earrings while keeping each item visible for selection.

Six Position Acrylic Scissors Stand

RIT-0268

[VIEW PRODUCT >](#)

The bent profile provides a freestanding format for bench organisation or countertop display.

WORKSHOP ESSENTIALS

Gauges and Selectors

17 products | Category page 1 of 3

Ring Gauge Stand Sizes 1 to 17

RIT-0033

[VIEW PRODUCT >](#)

A stand for arranging ring gauges in an orderly bench setup.

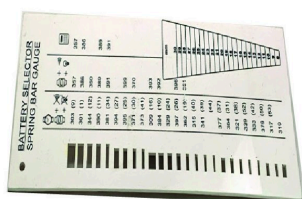

Large Matte Black Battery Selector

RIT-0034

[VIEW PRODUCT >](#)

A reference selector for comparing watch battery formats during servicing.

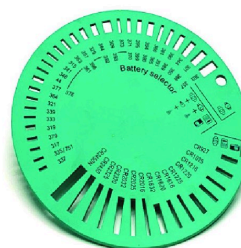

Small Square Battery Selector

RIT-0035

[VIEW PRODUCT >](#)

A reference selector for comparing watch battery formats during servicing.

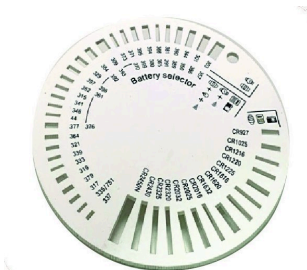

Green Round Battery Selector

RIT-0036

[VIEW PRODUCT >](#)

A reference selector for comparing watch battery formats during servicing.

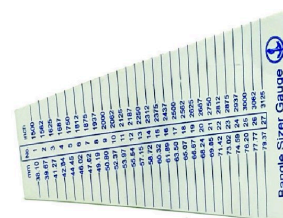

Round Battery Selector

RIT-0037

[VIEW PRODUCT >](#)

A reference selector for comparing watch battery formats during servicing.

Bangle Size Gauge

RIT-0038

[VIEW PRODUCT >](#)

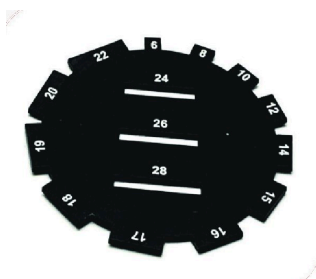

A jewellery sizing tool for comparing ring or bangle dimensions.

WORKSHOP ESSENTIALS

Gauges and Selectors

17 products | Category page 2 of 3

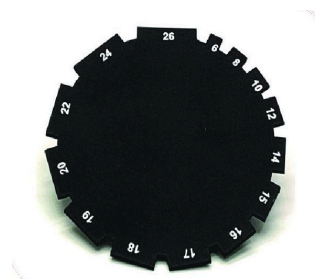

Round Side Bar Selector with Slotted Centre

RIT-0039

[VIEW PRODUCT >](#)

A sizing reference for comparing watch side bars and strap fittings.

Round Side Bar Selector with Solid Centre

RIT-0200

[VIEW PRODUCT >](#)

A sizing reference for comparing watch side bars and strap fittings.

Ring Gauge Set of 36

RIT-0040

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

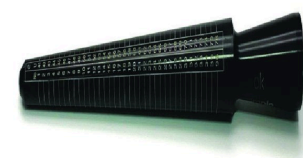

Side Bar and Strap Gauge

RIT-0041

[VIEW PRODUCT >](#)

A sizing reference for comparing watch side bars and strap fittings.

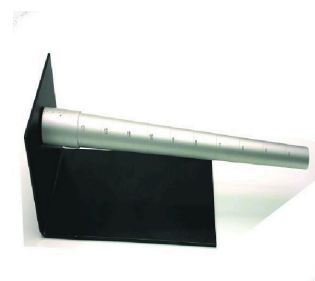

Black Laser Marked Ring Stick Sizes 1 to 36

RIT-0062

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

Stepped Ring Stick with Base Sizes 4 to 13

RIT-0063

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

WORKSHOP ESSENTIALS

Gauges and Selectors

17 products | Category page 3 of 3

Stepped Ring Stick without Base Sizes 4 to 13

RIT-0064

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

Ring Stick Sizes 1 to 33

RIT-0065

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

Finger Gauge

RIT-0190

[VIEW PRODUCT >](#)

A jewellery sizing tool for comparing ring or bangle dimensions.

Cell Tester

RIT-0187

[VIEW PRODUCT >](#)

A battery testing tool for watch servicing and bench checks.

Watch Strap and Lug Measuring Tool

RIT-0227

[VIEW PRODUCT >](#)

A measuring reference for comparing watch strap and lug widths during replacement work.

WORKSHOP ESSENTIALS

Trays

7 products | Category page 1 of 2

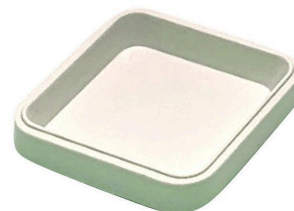

Plastic Dividing Tray

RIT-0025

[VIEW PRODUCT >](#)

A divided tray for separating small parts during watch servicing and assembly.

Square Bench Tray

RIT-0192

[VIEW PRODUCT >](#)

A bench tray for keeping small parts organised during watch and jewellery work.

Round Bench Tray

RIT-0193

[VIEW PRODUCT >](#)

A bench tray for keeping small parts organised during watch and jewellery work.

Diamond Tray

RIT-0107

[VIEW PRODUCT >](#)

A jewellery bench accessory for collecting or transferring small loose items.

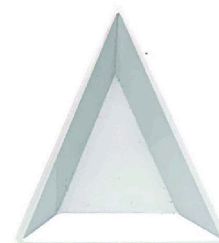

Triangular Aluminium Tray

RIT-0083

[VIEW PRODUCT >](#)

A bench tray for keeping small parts organised during watch and jewellery work.

White Plastic Tray

RIT-0084

[VIEW PRODUCT >](#)

A bench tray for keeping small parts organised during watch and jewellery work.

WORKSHOP ESSENTIALS

Trays

7 products | Category page 2 of 2

Rectangular Aluminium Tray

RIT-0153

[VIEW PRODUCT >](#)

A bench tray for keeping small parts organised during watch and jewellery work.

WORKSHOP ESSENTIALS

Covers

4 products | Category page 1 of 1

Single Dust Cover

RIT-0026

[VIEW PRODUCT >](#)

A cover for protecting small parts from dust between workshop operations.

Double Dust Cover

RIT-0027

[VIEW PRODUCT >](#)

A cover for protecting small parts from dust between workshop operations.

Dust Cover with Rubber Base

RIT-0214

[VIEW PRODUCT >](#)

A cover for protecting small parts from dust between workshop operations.

Lid Cover

RIT-0184

[VIEW PRODUCT >](#)

A cover for protecting small parts from dust between workshop operations.

WORKSHOP ESSENTIALS

Storage

31 products | Category page 1 of 6

Plastic Storage Container for Watch Repair Parts

RIT-0215

[VIEW PRODUCT >](#)

A container for keeping watch repair parts grouped and accessible at the bench.

Plastic Storage Box with 12 Square Containers and Window Lid

RIT-0230

[VIEW PRODUCT >](#)

The individual containers help separate watch components, findings and other workshop items.

Aluminium Storage Box with 12 Tins Model 4112

RIT-0231

[VIEW PRODUCT >](#)

Contact Roshan Industries to discuss your product requirements and quantity.

Boxed Aluminium Tin Set with 6 Containers Model 4A

RIT-0232

[VIEW PRODUCT >](#)

Individual tins can be removed for use at the bench.

Plastic Storage Box with 20 Round Containers and Window Lid

RIT-0233

[VIEW PRODUCT >](#)

The outer window lid lets you view the contents at a glance.

Plastic Storage Box with 12 Round Containers and Window Lid

RIT-0234

[VIEW PRODUCT >](#)

The outer window lid lets you view the contents at a glance.

WORKSHOP ESSENTIALS

Storage

31 products | Category page 2 of 6

Aluminium Storage Box with 24 Tins Model 2624

RIT-0235

[VIEW PRODUCT >](#)

Contact Roshan Industries to discuss your product requirements and quantity.

Plastic Storage Box with 20 Round Containers and Plain Lid

RIT-0236

[VIEW PRODUCT >](#)

The plain hinged outer lid closes over the individual containers between jobs.

Ivory Plastic Storage Tray with 9 Round Containers

RIT-0237

[VIEW PRODUCT >](#)

The compartment layout helps keep small watch parts, jewellery findings and repair items grouped and visible on the workbench.

Aluminium Storage Box with 15 Tins Model 4715

RIT-0238

[VIEW PRODUCT >](#)

Contact Roshan Industries to discuss your product requirements and quantity.

Aluminium Storage Box with 20 Tins Model 3320

RIT-0239

[VIEW PRODUCT >](#)

Contact Roshan Industries to discuss your product requirements and quantity.

Plastic Storage Box with 6 Rectangular Containers and Window Lid

RIT-0240

[VIEW PRODUCT >](#)

The outer window lid lets you view the contents at a glance.

31 products | Category page 4 of 6

Boxed Aluminium Tin Set with 12 Containers Model 5324

RIT-0247

[VIEW PRODUCT >](#)

Individual tins can be removed for use at the bench.

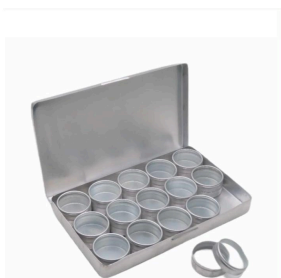

Boxed Aluminium Tin Set with 6 Containers Model 63

RIT-0248

[VIEW PRODUCT >](#)

Individual tins can be removed for use at the bench.

Aluminium Storage Box with 15 Tins Model 3715

RIT-0249

[VIEW PRODUCT >](#)

Contact Roshan Industries to discuss your product requirements and quantity.

Plastic Storage Box with 6 Rectangular Containers and Plain Lid

RIT-0250

[VIEW PRODUCT >](#)

The plain hinged outer lid closes over the individual containers between jobs.

Aluminium Storage Tin 150 ml with Screw Lid

RIT-0251

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 100 ml with Screw Lid

RIT-0252

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

WORKSHOP ESSENTIALS

Storage

31 products | Category page 5 of 6

Aluminium Storage Tin 120 ml with Push Fit Lid

RIT-0253

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 20 ml with Screw Lid

RIT-0254

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 15 ml with Screw Lid

RIT-0255

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 5 ml with Screw Lid

RIT-0256

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 30 ml with Screw Lid

RIT-0257

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

Aluminium Storage Tin 10 ml with Screw Lid

RIT-0258

[VIEW PRODUCT >](#)

The removable lid provides access to watch parts, jewellery findings or other loose components during sorting and repair work.

WORKSHOP ESSENTIALS

Compasses

4 products | Category page 1 of 1

Teardrop Qibla Compass

RIT-0199

[VIEW PRODUCT >](#)

A directional compass pictured in the Roshan Industries catalogue.

Round Hanging Qibla Compass

RIT-0197

[VIEW PRODUCT >](#)

A directional compass pictured in the Roshan Industries catalogue.

Roshan Industries Round Hanging Compass

RIT-0198

[VIEW PRODUCT >](#)

A directional compass pictured in the Roshan Industries catalogue.

Round Dial Qibla Compass

RIT-0196

[VIEW PRODUCT >](#)

A directional compass pictured in the Roshan Industries catalogue.

PRECISION MACHINING

Tube and Instrumentation Fittings

28 products | Category page 1 of 5

Male Connector

RIT-0284

[VIEW PRODUCT >](#)

A male connector for joining compatible tubing to a mating threaded connection.

Instrumentation Check Valve

RIT-0285

[VIEW PRODUCT >](#)

A valve type used to permit flow in one direction and prevent reverse flow in a compatible system.

Instrumentation Ball Valve

RIT-0286

[VIEW PRODUCT >](#)

A valve type using a ball closure for isolating fluid flow in a compatible instrumentation system.

Instrumentation Needle Valve

RIT-0287

[VIEW PRODUCT >](#)

A valve type used for fine flow adjustment in a compatible instrumentation system.

Customized Fittings

RIT-0288

[VIEW PRODUCT >](#)

Custom connection fittings developed to customer drawings and application requirements.

Reducer

RIT-0297

[VIEW PRODUCT >](#)

A reducing fitting for connecting compatible lines of different sizes.

PRECISION MACHINING

Tube and Instrumentation Fittings

28 products | Category page 2 of 5

Female Run Tee

RIT-0298

[VIEW PRODUCT >](#)

A tee fitting with a female threaded connection on the run of the fitting.

Female Branch Tee

RIT-0299

[VIEW PRODUCT >](#)

A tee fitting with a female threaded branch connection.

Male Branch Tee

RIT-0300

[VIEW PRODUCT >](#)

A tee fitting with a male threaded branch connection.

Male Run Tee

RIT-0301

[VIEW PRODUCT >](#)

A tee fitting with a male threaded connection on the run of the fitting.

Reducing Union Tee

RIT-0302

[VIEW PRODUCT >](#)

A tee fitting for joining compatible tubing with different connection sizes.

Union Tee

RIT-0303

[VIEW PRODUCT >](#)

A tee fitting for joining three compatible tube connections.

PRECISION MACHINING

Tube and Instrumentation Fittings

28 products | Category page 3 of 5

Union Cross

RIT-0304

[VIEW PRODUCT >](#)

A cross fitting for joining four compatible tube connections.

Female Adapter

RIT-0305

[VIEW PRODUCT >](#)

An adapter for joining a compatible tube fitting to a female threaded connection.

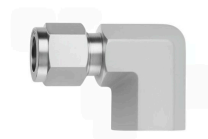

Male Adapter

RIT-0306

[VIEW PRODUCT >](#)

An adapter for joining a compatible tube fitting to a male threaded connection.

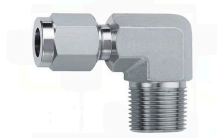

Female Elbow

RIT-0307

[VIEW PRODUCT >](#)

An elbow fitting with a female threaded connection for changing the direction of a compatible line.

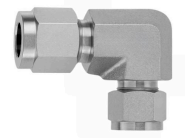

Male Elbow

RIT-0308

[VIEW PRODUCT >](#)

An elbow fitting with a male threaded connection for changing the direction of a compatible line.

Union Elbow

RIT-0309

[VIEW PRODUCT >](#)

An elbow fitting for joining compatible tubing at a change of direction.

PRECISION MACHINING

Tube and Instrumentation Fittings

28 products | Category page 4 of 5

Bulkhead Reducer Union

RIT-0310

[VIEW PRODUCT >](#)

A reducing union for joining different compatible tube sizes through a panel or bulkhead.

Bulkhead Union

RIT-0311

[VIEW PRODUCT >](#)

A union for joining compatible tubing through a panel or bulkhead.

Bulkhead Female Connector

RIT-0312

[VIEW PRODUCT >](#)

A female connector for a compatible panel or bulkhead tube connection.

Bulkhead Male Connector

RIT-0313

[VIEW PRODUCT >](#)

A male connector for a compatible panel or bulkhead tube connection.

Reducing Union

RIT-0314

[VIEW PRODUCT >](#)

A reducing union for joining two compatible tube sizes.

Union

RIT-0315

[VIEW PRODUCT >](#)

A union fitting for joining compatible tubing.

PRECISION MACHINING

Tube and Instrumentation Fittings

28 products | Category page 5 of 5

Female Connector

RIT-0316

[VIEW PRODUCT >](#)

A female connector for joining compatible tubing to a mating threaded connection.

Tube Fitting Nut

RIT-0317

[VIEW PRODUCT >](#)

A nut for securing the mating components of a compatible instrumentation tube fitting.

Back Ferrule

RIT-0318

[VIEW PRODUCT >](#)

A back ferrule component for a compatible tube fitting assembly.

Front Ferrule

RIT-0319

[VIEW PRODUCT >](#)

A front ferrule component for a compatible tube fitting assembly.

PRECISION MACHINING

Hydraulic and Hose Fittings

10 products | Category page 1 of 2

Banjo Bolt

RIT-0272

[VIEW PRODUCT >](#)

A drilled bolt used in suitable banjo connections for routing hydraulic fluid.

Hydraulic Valve Spindle

RIT-0273

[VIEW PRODUCT >](#)

A machined spindle for the actuation or adjustment of a compatible hydraulic valve.

Hydraulic Plug

RIT-0274

[VIEW PRODUCT >](#)

A plug for closing a compatible hydraulic port or passage.

Hydraulic Connector

RIT-0275

[VIEW PRODUCT >](#)

A connector for joining compatible hydraulic pipes, tubes or assemblies.

Crimped Nut Nipple

RIT-0276

[VIEW PRODUCT >](#)

A nut and nipple component for a compatible crimped hose connection.

Hose Fitting Nipple

RIT-0277

[VIEW PRODUCT >](#)

A nipple component for connecting a suitable hose to its mating assembly.

PRECISION MACHINING

Hydraulic and Hose Fittings

10 products | Category page 2 of 2

Hose Fitting Nut

RIT-0278

[VIEW PRODUCT >](#)

A machined nut for securing the mating components of a compatible hose fitting.

Hose Fitting Stem

RIT-0279

[VIEW PRODUCT >](#)

A stem component for a compatible hose fitting assembly.

Grooved Pipe

RIT-0280

[VIEW PRODUCT >](#)

A pipe component with a grooved connection profile for a compatible coupling.

Hose Fitting Ferrule

RIT-0281

[VIEW PRODUCT >](#)

A ferrule component for securing a suitable hose in its specified fitting assembly.

PRECISION MACHINING

Valve Bodies and Manifolds

6 products | Category page 1 of 1

Check Valve Housing

RIT-0289

[VIEW PRODUCT >](#)

A machined housing for supporting and enclosing the internal components of a compatible check valve.

Check Valve Body

RIT-0290

[VIEW PRODUCT >](#)

A machined valve body containing the connection ports and passages of a compatible check valve.

Ball Valve Housing

RIT-0291

[VIEW PRODUCT >](#)

A machined housing for the closure and sealing components of a compatible ball valve.

2 Valve Instrumentation Manifold

RIT-0292

[VIEW PRODUCT >](#)

A two-valve manifold arrangement for isolating and servicing a compatible measurement instrument.

3 Valve Instrumentation Manifold

RIT-0293

[VIEW PRODUCT >](#)

A three-valve manifold arrangement for compatible differential pressure instrumentation.

5 Valve Instrumentation Manifold

RIT-0294

[VIEW PRODUCT >](#)

A five-valve manifold arrangement for compatible differential pressure measurement and servicing.

PRECISION MACHINING

Pressure Gauge Accessories

7 products | Category page 1 of 2

Gauge Saver

RIT-0296

[VIEW PRODUCT >](#)

An accessory for protecting a compatible pressure gauge from pressure exceeding the specified instrument limit.

3 Piece Union Nipple

RIT-0320

[VIEW PRODUCT >](#)

A nipple component for a compatible three piece union assembly.

3 Piece Union

RIT-0321

[VIEW PRODUCT >](#)

A three piece union for a compatible pressure instrument connection.

Syphon Tube Coupling

RIT-0322

[VIEW PRODUCT >](#)

A coupling for a compatible pressure gauge syphon tube connection.

Gauge Cock

RIT-0323

[VIEW PRODUCT >](#)

A cock for isolating a compatible pressure gauge connection.

Gauge Adapter

RIT-0324

[VIEW PRODUCT >](#)

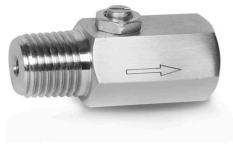

An adapter for connecting a suitable pressure gauge to a compatible instrument port.

PRECISION MACHINING

Pressure Gauge Accessories

7 products | Category page 2 of 2

Snubber

RIT-0325

[VIEW PRODUCT >](#)

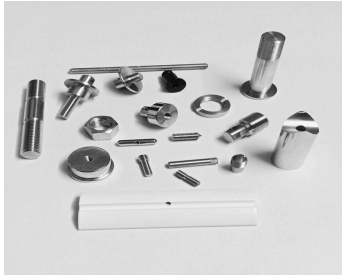

An accessory for moderating pressure fluctuations at a compatible pressure gauge connection.

PRECISION MACHINING

Custom Machined Components

3 products | Category page 1 of 1

Customized Fasteners

RIT-0282

[VIEW PRODUCT >](#)

Custom fasteners developed to customer drawings, samples or technical specifications.

Sensor Body

RIT-0283

[VIEW PRODUCT >](#)

A machined body designed to house and support the internal elements of a compatible sensor.

Oil and Gas Machined Components

RIT-0295

[VIEW PRODUCT >](#)

Custom machined components for oil and gas equipment, developed to the application drawing and material requirements.
